Book 2, Page 18

The Facility Support section was created to assist CPS facilities by establishing a single section to administer several allocations to facilities. These allocations have historically come from various house bill sections within the CPS budget. This section includes authority to fund Hospital Provider Tax, Medicare Part D premiums, PRN Nursing and direct care staff pool, Voluntary by Guardian transitioning to the community, and other operating expenses.

**Section 10.210**

Book 2, Page 29

Community Programs are administered locally by Community Mental Health Centers that serve as administrative agents for the Division in twenty-five (25) defined service areas. Adult community programs are designed to promote independent living in the least restrictive setting possible. There are two major components of Adult Community Programs offered through the Division of CPS: Community Treatment and Residential Services.

**Current Flexibility:** Up to ten percent (10%) of this appropriation may be used for services for youth

Funding builds on the 7 emergency room enhancement projects currently in St. Louis, Columbia, Kansas City, Springfield, Rolla, Kirksville/Hannibal, and Southeast Missouri. These programs have seen positive outcomes in reduction in emergency room visits and hospitalizations, reduction in homelessness, increase in employment, and increase in behavioral health treatment program enrollment. Services may include substance use disorder or mental health treatment, primary healthcare, referral to Community Psychiatric Rehabilitation Programs (CPRPs), assistance with insurance application, prescription assistance, housing and food assistance, and other basic needs.

Book 2, Page 28

Southwest Missouri Psychiatric Rehabilitation Center (SMPRC) includes a 16-bed state operated facility in El Dorado Springs (Cedar County), and an 8-bed intensive residential treatment service (IRTS) in nearby Nevada (Warren County). The facility partners with Pathways Community Behavioral Healthcare, Inc., a DMH Administrative Agent, for staffing at the IRTS. Pathways proposes to transition the current state operated inpatient services to an Inpatient Hospital Diversion service under the Community Psychiatric Rehabilitation (CPR) program. In their proposal, Pathways will lease SMPRC staff who wish to remain state employees for up to five years. In addition, Pathways will negotiate a lease for the existing building. Under contract, Pathways is already providing a Chief Operating Officer responsible for all operations of SMPRC since June 2012.

The current operation at SMPRC is unable to maximize State and Federal resources due to the federal Institutions for Mental Diseases (IMD) rule. The facility operates the only four remaining psychiatric acute care beds in the DMH system, and at a very high cost. This transition would enable Pathways to create an Intensive Hospital Diversion service that would continue to meet the needs of the Southwest Region, while generating Federal funds that would result in the addition of 12 new acute psychiatric beds at Royal Oaks Hospital in Windsor (also operated by Pathways).

CPS Youth providers serve children and youth who are at risk of placement outside of their home (inpatient or residential) and/or are transitioning from a DMH/CPS supported placement out of their home. Youth Community Programs provide an array of treatment interventions for youth experiencing serious emotional disturbance (SED) residing in the community. This program provides community treatment and case management delivered through private not-for-profit community providers.

Book 2, Page 139

The Fulton State Hospital is a 376-bed psychiatric hospital accredited by the Joint Commission and certified by CMS. The programs provided at Fulton include long-term inpatient treatment for adult and forensic clients. The Biggs and Guhleman Forensic Centers are the only maximum and intermediate security treatment facilities serving the State of Missouri. The Guhleman Forensic Center serves both psychiatric clients, and in another building, persons civilly committed as sexually violent predators. The Hearnes Forensic Center serves forensic clients with developmental disabilities. The Biggs Forensic Center also provides care and treatment for Department of Correction inmates who require acute psychiatric treatment.

Funding for a partial year (10 months) is being requested to open a 25-bed treatment unit at Metropolitan St. Louis Psychiatric Center. The Division of Behavioral Health (DBH) has been operating at or over capacity in its adult minimum security facilities and is now maintaining a waiting list for individuals ordered by the criminal courts for competency restoration. The number on the waiting list at any one time has been increasing over the last several years and has reached as high as 43 individuals. Delays in admission can extend the competency restoration process.

The Center for Behavioral Medicine, located at 1000 E. 24<sup>th</sup> St., Kansas City, is accredited by the Joint Commission and certified by CMS. The facility is comprised of 40 intermediate beds for adults requiring inpatient services from the greater Kansas City area and 25 beds for competency restoration of adults committed by criminal courts in Western Missouri. In addition, the facility operates 68 residential beds in five group homes and the Peery apartment program. Three group homes serve clients with developmental disabilities under a Medicaid waiver program.

**Current Flexibility:** 15% PS/E&E may be spent on Purchase of Community Services, including transitioning clients to the community or other state-operated facilities; 10% between PS/E&E for overtime, medical supplies, medical bills, pharmacy, or contract clinical staff (Gov removed in FY 2015)

Book 2, Page 277

The Cottonwood Residential Treatment Center, 1025 N. Sprigg St., Cape Girardeau, is a 32-bed facility for the treatment of emotionally disturbed children and adolescents. These youth are in need of placement outside their natural home, but in a less restrictive environment than that of an inpatient hospital. Cottonwood Residential Treatment Center is a cooperative venture between the MO Department of Mental Health and Southeast Missouri State University. Cottonwood leases its buildings and contracts for various services from the University. The University benefits by having an on-site location for the placement of practicum students in the areas of social work, psychology, sociology, criminal justice, nursing, recreation, home economics and other related fields.

**DEPARTMENT OF MENTAL HEALTH**  
**Division of Developmental Disabilities (DD) - DD Pool**  
**Section 10.405**

Book 2, Page 311

This section funds a pool of resources for direct care and professional staff. These direct care staff are necessary to meet the health and safety needs of complex care consumers living at the habilitation centers that require one-on-one and sometimes two-on-one staffing due to increased behaviors. The professional staff is needed to help address specific treatment issues such as occupational, speech and physical therapies that are necessary to ensure active treatment is provided. Staffing Standards Pool resources are appropriated to DD's central office and are then allocated to the various habilitation centers based on need.

In the FY 2015 Departmental Budget Request, the Division is reallocating Staffing Standards Pool funding and FTE to the appropriate habilitation centers to more accurately reflect planned spending.

**Section 10.410**

Book 2, Page 322

The Division of DD operates a community-based service delivery system through its eleven regional centers for persons with developmental disabilities. This core contains funding the regional centers use to contract with community providers who provide in-home supports, residential services, autism supports, and other services to individuals allowing them the choice to live in the least restricted environment. Programs funded through this core include In-Home Supports, Residential Services, Autism and Targeted Case Management.

**Legal Basis:** In-Home Supports & Autism 630.405 - 630.460 RSMo; Residential Services 630.605 - 630.660 and 633.110 RSMo; Case Management 6.33.100 - 633.160 RSMo

**Funding Source:** General Revenue

**DEPARTMENT OF MENTAL HEALTH**  
**Division of Behavioral Health – Tuberous Sclerosis Complex**  
**Section 10.415**

Book 2, Page 365

Tuberous Sclerosis Complex (TSC) is a genetic disorder that involves growth of tumors or other abnormalities in multiple organs of the body, including the brain, skin, eye, heart, lungs, and kidneys. This disease can have many different presentations and symptoms, but most commonly TSC afflicts infants and children with developmental delay, intellectual disability, autism, and intractable seizures. As a result, many people with TSC and their families are left dealing with life-long neurological disabilities. Although TSC is not widely recognized by the general public and receives relatively limited clinical resources, TSC has a similar prevalence as the better-known neurological disease, Duchenne's muscular dystrophy, and is more common than ALS (Lou Gehrig's disease). Thus, there is a great need to develop ways to help improve the lives of this significant population of patients through better clinical care and research.

Funding in the amount of \$250,000 was appropriated in FY 2016 to allow the Department to contract with Washington University for on-going research and treatment of tuberous sclerosis.

Book 2, Page 370

This section consists of funding and FTE reallocated in FY09 from Regional Office budgets and DD Community Programs. This section includes funding for all Case Manager I, II and III, Case Management Assessment Supervisors and Quality Assurance positions. The funding is allocated to the appropriate regional office to address caseloads.

In the FY 2015 Departmental Budget Request, the Division of DD is requesting that non-case manager staff within the Community Support Staff house bill section be reallocated to the appropriate regional offices. Funding for DMH case managers will remain in the Community Support Staff house bill section to be allocated to the appropriate regional office.

Book 2, Page 393

The Division of DD worked with the MO HealthNet Division and other stakeholders to establish a new Federal funding stream. The legislation allows the state to impose a 5.49% provider tax on operating revenues of both private and state operated ICF/MR facilities. The Division of DD projects the ICF/MR provider tax on state operated facilities will generate approximately \$2 million annually.

**Section 10.530**

Book 2, Page 460

The Higginsville Habilitation Center is located on Morris Drive in Higginsville. Each habilitation center provides long-term, residential care for individuals with developmental disabilities. Higginsville also provides state operated waiver services for individuals that have selected community services. In the Fall 2013, the Mental Health Commission established the Northwest Habilitation Services Task Force. The Task Force was charged to review the Marshall and Higginsville facilities and recommend services that would best meet the needs of the individuals and optimize the use of all available resources. In August 2014, the Mental Health Commission approved the Task Force recommendations. As a result, the Division of DD is moving towards one habilitation center campus at Higginsville which will continue to be ICF/ID certified. Further, the Marshall off-campus waiver program and the Higginsville off-campus waiver program will become one entity, known as Northwest Community Services. To accomplish these program modifications, funds were reallocated and/or transferred in the FY 2016 budget. The Division of DD will continue to need flexibility in FY 2017 between PS/EE and the facilities to implement the recommendations.

**Current Flexibility:** No more than thirty percent (30%) may be spent on transitioning clients to the community or to Northwest Community Services, and that not more than fifteen (15%) may be spent on Purchase of Community Services, including transitioning clients to the community or other state-operated facilities; not more than ten percent (10%) flexibility is allowed between personal service and expense and equipment
